SUMMARY OF THE REASONS FOR DECISION:

This publication is a photographic proof sheet comprising 25 frames of colour photographs. These images range from portrait shots of young boys depicted from the waist up, an adult couple, a beach scene and two photographs of boys totally naked and covered in mud. There is nothing to set this publication in a sexual context other than the fact that this strip forms part of a larger submission of purportedly sexual photographs. The Classification Office therefore classifies the above-named publication as:
Unrestricted.
